PREFACE

The 1994 Alberta Brand Book is compiled from the official records in the Brand Recorder's Office, Provincial Building, Stettler, and contains a record of all brands in good standing as of March 31, 1994.

Extensive care has been taken to ensure accuracy, however, if an error is found, the Recorder of Brands should be notified.

Cattle Brands are arranged separately from Horse Brands. The general arrangement followed is alphabetical and numerical. In every case, the first letter or numeral of a brand determines the place of the brand in the Book. Anchors ⊥, Triangles △, Diamonds ◇ and Boxes □ which are preceded by a letter or numeral, are indexed under that letter or numeral. Where they precede a letter or numeral, they are found between the numerals and the Arbitrary Signs. The brands are shown in the following sequence according to alphabet: Single Characters, Hanging Characters, One Character Over Another, Monograms, Two Characters With A Bar, Half Diamond, Quarter Circle Above or Below, Three Characters in A Line. Brands of an Arbitrary Design, that cannot be otherwise classified, will ensue the Cattle and Horse sections respectively, but any brand containing a letter or numeral preceeding an Arbitrary Design, will be found under that letter or numeral.

The brand $\overline{U7}$ will be found under the letter U, while the brand $\overline{7U}$ would be listed in the numerals.

The regulations covering registration of Brands state that Quarter Circles are shown with the points away from the two characters, for example: $\overset{\frown}{7U}$ or $\overset{\frown}{7U}$, Half Diamonds with the points towards the two characters, for example: $\underset{\smile}{7U}$ or $\overset{\wedge}{7U}$.

ABBREVIATIONS

To condense the material of this book as much as possible, the following abbreviations have been used throughout:

L LEFT	S SHOULDER	J JAW
R RIGHT	R RIB	N NECK
T THIGH	H HIP	WA WHOLE ANIMAL
